FUN WITH SCIENCE

Seed Germination Activity

Young children are naturally inquisitive ,full of questions about the world around them and the drive to investigate how things work.
With the intention of taking advantage of their innate curiosity we at Amicus International Pre School conduct different activities of Fun With Science.

Seed germination process of Moong seeds *was explain to kids in three steps*

- *First Day - Soaking*
- *Second Day - moong seeds soaked all the water and its size increased.*
- *Third Day - Moong seeds sprouted .*

NAVRATRI CELEBRATION

Navratri is nine days festival held in honor of the Divine Feminine.In west India specially Gujarat Navratri is one of the main festivals.

This festival brings happiness,faith,devotion and a sense of unity among everyone.

We at "AIPS" celebrated Navratri with great zeal and enthusiasm.Toddlers were dressed in traditional attires and had groomed exquisitely to dance on the beats of Garba .All the bright colors of lamps and fabrics made the event appealing and scintillating to eyes.

CODING

SEQUENCING : Sequencing is understanding how a series of events occur in a specific logical order.Sequencing activities help to improve logical understanding and reasoning skills in children.

LKG AND UKG kids learned to sequence stories Two Silly Goats ,& The Hare and The Tortoise respectively.
