Dear Parents,

We are happy to meet you through the *7th* letter of the current academic year of our school.

1. EDITORIAL

What started off as a rather grotesque 'theatre of the absurd' has rapidly degenerated into a dark comedy or horror show. Tell me – is there nothing worse happening in India besides Bollywood stars doing drugs?

Everyone has realised it is no longer about SSR or Rhea or any of those associated with SSR's death. It is an effort to divert national attention from 'un-important crises, fiscal, legal and Covid related issues and assume control of Bollywood through intimidation and threats.

Yes, there are Bollywood A – listers who do drugs, so do B – grade politicians, sadhus, business folk treaders and many others. I mean drug use is not Bollywood's vice exclusively. Why has not even a single politician's name emerged? These are the same netas who party with their Bollywood buddies.

Well, with all the drama going around, we educators cannot afford to waste even a single minute as our prime motive is to give the best to our children in the midst of this crises.

India desperately needs strong, educated young leaders and children being the foundation of our future, it is our responsibility to mould them into great leaders and better citizens.
