Dear Parents,

We are happy to meet you through the **1st** letter of the current academic year of our school.

1. EDITORIAL

Hope you all are fine and safe amidst the outbreak of CORONA virus as the whole of INDIA is under lock down.

We know students must be highly elated as they got a vacation unexpected. In this period of social distancing the online connectedness comes as a refreshing ray of hope. Our teachers are making continuous efforts to reach out to our students by conducting online classes through **digital conferencing**, sending worksheets, study materials and assignments to the students on WhatsApp and remain in touch with them so that our young learners do not feel left out from the process of mental and social nurturing, which they achieve in school.

And most important, please do not believe and be a part to spread rumours. Such gossips add to our anxiety and stress.

We know all of us are in deep trouble as we are working from home, our children are at home, the maids are not coming but all these have taught us to know how to operate efficiently from home, to be creative and also to be self-reliant.

Be positive! Be safe! And let's start the new session with great sprits!
