Dear Parents,

We are happy to meet you through the 3<sup>rd</sup> letter of the current academic year of our school.

## 1. EDITORIAL

With the **World Environment Day** falling this month we citizens need to give a serious thought regarding the climate change.

A **Global Summit in 2021** which plans to discuss deforestation, highlights how far ahead of its time was the **Chipko Movement**, spearheaded by **Sunderlal Bahuguna** who passed away last month.

If Bahuguna and his associate **Chandi Prasad Bhatt** were the faces of the movement that began in March 1973, its durability and impact came from villagers in the Himalayas, particularly women.

Lived experience of villagers was the motive force of the Chipko Movement. India needs to revisit the lessons of the Chipko Movement.

Chipko had an impact because the environmental home-truths overwhelmed political differences.

Progress in fight against climate change needs the same spirit.
