Memory Test Competition

Fostering Cognitive Development and Fun Learning

Memory plays a vital role in a child's cognitive development. Preschoolers possess remarkable abilities to absorb and recall information, making it an opportune time to stimulate and challenge their memory skills. To engage and encourage the young minds, AIS has organized a memory test competition. The purpose of this competition in preschool is to stimulate memory skills, Enhance Learning, Foster healthy competition and boost their confidence.

LKG-B	Siya Deo	Arnik Modak	Ayansh Agarwal
UKG-A	Ziva Yadav	Shivi Sharma	Dhyana Makadia
UKG-B	Dhriti Rawat	Richa Avere	Harsh Lad

Congratulations!

Coding

WHY CODING IN THIS TENDER AGE?

It teaches you to

- think
- explore
- express
- builds up your confidence
- problem solving
- critical thinking
- And learn CODING creatively through FUN!!!

Children explore and express their ideas and thoughts through play.

Eg: **Playing with BLOCKS** and this play includes:

- **Connectivity (connecting parts of a thing)**
- **Transportation (one place to another)**
- **Fixing (attach)**
- **Positioning (place it)**
- **Covering (hide & seek)**
- **Transformation (one thing to other - their imagination)**
- **Rotations (Movement)**
- **View (My point of view from different position)**
- **Aim the target (speed, position)**

CODING requires all the above pointers!

Children are great **Explorers**, **Create**, **ask Questions**, they **Think**, do **Research and Survey**. So, let's guide them **HOW, WHEN, WHERE** to use **their DATA**, collected from their Survey!

Coding has started with the Introduction of "AMI" the robot of Amicus

International school.

Coding session

PRIMARY, SECONDARY & HIGHER SECONDARY

Grade -1

SUBJECTS	STUDENTS LEARNED
