STORY	Munchkins enjoyed The Fox and The Grapes , कौआ और मोर ।

CODING

Kids learned the **concept of Debugging** - Finding errors and fixing them to get desired results .They enjoyed Hurdle race to understand the concept thoroughly.

MASK MAKING ACTIVITY

Masks help jump-start a child's imagination and give them the opportunity to become something other than themselves. They initiate story-telling, dramatic play and connect children with characters of different stories.

A paper plate became the mask of an animal. Young children created worlds inside their own minds and brought them to life through their creativity. As educators we help engage these creative play scenarios by providing different materials, ideas and encouragement as our children continue to pretend and play.

Mask making Activity
