Dear Parents,

We are happy to meet you through the **7th** letter of the current academic year of our school.

1. EDITORIAL

Dear Parents,

The **Asian Games** are a testament to the power of sports in bringing people together, transcending borders and showcasing the best of human potential. Asia has 48 countries and these countries, including India are participating in this Sport Event.

19th edition of the Asian Games is being hosted by China for the third time in **Hangzhou** from September 23 to October 8. A 655 members Indian contingent is competing in Asian Games 2023. This event is hosting athletes from across the Asian continent, promoting cooperation, understanding, and peace through sportsmanship.

One of the key objectives of the Asian Games is to promote harmony among nations. By watching and supporting the athletes, our students can gain an addition to the cultural aspects. The Asian Games also emphasize the values of discipline, dedication, and determination. These are qualities that we, as an educational institution, strive to instill in our students. The stories of athletes overcoming obstacles and achieving greatness through hard work can serve as valuable life lessons.

We encourage all our students to not only watch and enjoy the Asian Games but also to embrace the spirit of the event. Engage in discussions about the games, learn about the participating countries, and draw inspiration from the athletes.

Let this event be a catalyst for unity, understanding, and personal growth.

Masks help jump-start a child's imagination. They initiate story-telling, dramatic play and connect children with characters of different stories. A paper plate became the mask of an animal.
