Dear Parents,

We are happy to meet you through the **7<sup>th</sup>** letter of the current academic year of our school.

## 1. EDITORIAL

Dear Parents,

**India's performance in Chess Championships has been remarkable**, and it's exciting to see the country's young talent making waves globally. The **All-India Chess Federation (AICF)** has taken a significant step to support India's top chess players, including GM Vidit Gujrathi, GM Praggnanandhaa Rameshbabu, and IM Vaishali Rameshbabu, by providing them with a substantial financial boost of \$240,000. **This funding will cover their training, coaching, and travel expenses as they prepare for the World Championship title in 2024.**

India has produced several chess prodigies in recent years, and the country's chess scene is thriving. Chess has become an integral part of Indian sports culture, with many schools and institutes promoting the game as a way to improve cognitive skills and academic performance. Studies have shown that playing chess can improve memory, concentration, and problem-solving abilities, making it an excellent activity for students.

In conclusion, with AICF's support India's performance in chess championships is a testament to the country's dedication to sport. With continued support and investment, we can expect to see even greater achievements from Indian chess players in the years to come.
