Fun with Science - Little Explorers in Action!

Our preschoolers turned into young scientists during our Fun with Science Activities! Through simple, hands-on experiments and observations, the children explored cause and effect, colours, textures, and basic scientific concepts with curiosity and excitement.

These playful activities encouraged questioning, thinking, and discovery while building early science skills in a joyful way. Watching their eyes light up with wonder truly made learning magical! ✨😊

At our preschool, we explored the Volcano experiment, Density experiment, & Salt water experiment. We believe science is best learned through fun, exploration, and hands-on experiences. 🌟

GRADE 1	
English	L10. Boond (started...going on).
Hindi	पाठ-15 का पठन पाठन एवं श्रुतलेख ।
Gujarati	Completed till page no. 71.
EVS	L-14 Air.
