TEACHER'S DAY CELEBRATION

Teachers day is celebrated to honor and express gratitude to teachers for their contributions to shaping the minds of future generations. The day commemorates the birth anniversary of Dr Sarvepalli Radhakrishnan, a renowned philosopher, educator, & former President of India. This day is a celebration of the selfless dedication & hard work of our teachers. We are grateful for their tireless efforts in shaping the future of our children.

In AIS, we celebrated Teacher's day on 4th September 2024, where UKG kids were dressed up as their favorite teachers. They replaced the teachers in various classes & conducted the session with great zeal & enthusiasm. Kiddos shower their teachers with love, respect, gratitude, and acknowledge their hard work & dedication to education.

CODING

In Coding, our topic of this week was Sequencing. Sequencing is a fundamental skill that involves arranging events, objects or actions in a logical & chronological order. For Pre-primary kids, sequencing is crucial for their cognitive, social & emotional development.

To understand Sequencing in a better way, our kiddos prepared Lemonade by themselves, by following class teachers instructions. Children first fill the water in the glass, they put a tablespoon of sugar & a pinch of salt. They stirred & mixed the ingredients & lastly squeezed Lemon in a sugar-salt syrup. Finally, they tasted their Lemonade & adjusted ingredients as per their taste.

It was a fun task, where kiddos developed problem solving, critical thinking, & increased memory by recalling the sequence & ingredients used.
